REPORT OF POLICE DEPARTMENT

— 1973 —

Even with the gasoline scare and the reports of an energy crisis 1973 was a busy year.

Traffic was heavier than it was in 1972 at times.

We noticed more people from near by towns and from our state using our lands for camping and recreation, more so than in previous years.

We are happy to report that we had very few accidents in 1973. This we believe is due to having an Officer on duty week-ends and on many nights during the week.

Your Police Chief has completed a Police Training Course and this was paid for by the Governor's Crime Commission. This is a requirement as of November 1, 1973.

The people of Errol and the Selectmen have given us excellent support and for this we are grateful and say thank you. We wish you lots of luck with your upcoming Bicentennial.

Following is a list of the number of record book entries, court cases, warnings, lockups and D. E. tags:

**POLICE
BUDGET REQUESTED FOR
YEAR 1974**

It is requested that we raise the sum of \$3,500.00 for Police services.

Also we request that the Officers be paid at the rate of \$2.50 per hour and that the mileage be increased from .08 to .10 per mile due to the increase in gasoline prices.

To the Inhabitants of the School District in the Town of Errol, in the County of Coos, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 4th day of March, 1974, at 7:30 P. M. in the evening, to act upon the following articles:

Polls are open for election of officers from 7:30 P. M. to 9:00 P. M.

1. To choose a Moderator for the ensuing year. (By Ballot)
2. To choose a Clerk for the ensuing year. (By Ballot)
3. To choose two auditors for the ensuing year. (By Ballot)
4. To choose a Treasurer for the ensuing year. (By Ballot)
5. To choose a member of the School Board for the ensuing three years. (By Ballot)
6. To determine the salaries of the school board, and truant officer, and fix the compensation of any other officers and agents of the District.
7. To hear the reports of agents, auditors, committees, or officers heretofore chosen, and pass any vote relative thereto.
8. To see if the district will vote pursuant to RSA 31:105 to provide indemnification for district employees, school administrators, school board members, district officers or agents from personal loss or expense including reasonable legal fees and costs, if any, arising out of any claim, demand, suit or judgment by reason of negligence or other act resulting in accidental injury to a person or accidental damage to property providing the indemnified person was at the time of the accident acting within the scope of his employment or office.
9. To see if the district will vote to authorize the school board to make application for and to accept, on behalf of the district, any or all grants or other funds for educational pur-

poses which may now or hereafter be forthcoming from the United States Government, the State of New Hampshire, private individuals, or corporations or any Federal or State Agency and to expend the same for such projects as it may designate.

10. To see if the district will vote to accept the provisions of Title I, II, & III, Public Law 89-10 (Elementary & Secondary Education Act of 1965), and to appropriate such funds as may be made available to the District under such Federal Acts for such particular projects as may be determined by the School Board. Further, to see if the District will authorize the school board to make application for such monies and to expend the same for such projects as it may designate.
11. To see if the district will raise and appropriate \$714.00 as an amount due for services rendered by Mr. Merit Bean.
12. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents and for the payment of the statutory obligations of the District.
13. To transact any other business that may legally come before this meeting.

Given under our hands at said Errol this 14th day February, 1974.

*The starred items are required by law to be raised as determined by the proper authorities. The District determines the salaries of the District Officers. The Supervisory Union Board decides the local share of the Superintendent's salary and other Union expenses. The share paid by the several Districts toward the Superintendent's salary for 1973-74 is as follows: Dummer, \$224.40; Errol, \$958.80; Gorham, \$13,302.50; Milan, \$1,230.80; Randolph, \$737.80; Shelburne, \$545.70; State Share, \$2,500.00. The Teacher's retirement and the State Employee's Retirement Association assesses the amount for the Superintendent's Retirement and other District employees that belong to the system. In those towns that are under Social Security, the amount to be paid by the District is established by law.

ERROL CONSOLIDATED SCHOOL PRINCIPAL'S REPORT, 1973-74

It is an unfortunate fact that it takes a new principal at least a year to get a good understanding of the strengths and weaknesses of a school, and longer than that to implement changes. However, I think we have made some worthwhile innovations this year, most of them due to initiative by the teachers involved.

Most schools are more concerned with the primary grades than they have been in the past. It is in the early grades, and during the pre-school years at home, that children acquire habits of learning and behavior that they will probably keep for the rest of their lives.

Mrs. Salazar took a course in Early Childhood Education last fall. She has been trying to use the techniques she learned in her classroom. She is making the work more activity-oriented; children are working with objects as well as symbols. I think that the program she is developing will give the children stronger backgrounds in math, science and art than they would have had otherwise.

Mrs. Salazar is using the Alpha-One phonics program with our first and second graders. The sounds are given personalities so that children will remember them easily.

Mrs. Hawkins tells me that the new social studies series we are using in grades one through six seems to be working well. Her students have also been watching OUR NEW HAMPSHIRE, a series on the New Hampshire Network.

Mrs. DiPasquale is changing our English program for grades nine and ten in an effort to improve the oral communication, reading speed and reading comprehension of our students. She is also changing the civics program, trying to introduce more topics from currently important political and social issues. Much of the time this fall was spent on issues in New Hampshire government.

I have made attempts to vary the math program for some of our more capable students. Some of the eighth graders are taking algebra 1 this year, rather than the usual eighth grade math.

We hope eventually to develop a program in career exposure for our ninth and tenth graders, so that they can have an idea of employment opportunities that will be open to them after graduation. We think this is important both for the students who will go to college and for those who will be looking for work after high school. The only thing we've actually done so far was to take our students in grades seven through ten out for a day to observe Brown Company woods operations.

One major change this year has been the addition of physical education for all our students. Robert Napolitano meets with them Wednesday afternoon, and Mrs. DiPasquale and I usually have another period of physical education for the students in grades seven through ten on Thursday afternoons.

SCHOOL NURSE ANNUAL REPORT

The school year ending 1973 presented few health problems. A drug education program using the American School Health Association Curriculum Guide was implemented in grades four through ten in the Spring. A brief introduction was given to grades one, two and three. The children received a Nutrition Unit from the U. N. H. Cooperative Extension: grades one through three — four lessons and grades four through ten — eight lessons. Library editions of health texts for grades one, three, four and six were purchased to make rotation in the health education program possible. Due to legislation it is now required to include V. D. education, nutrition education and drug education in the curriculum. V. D.: Facts You Should Know, a programmed text, is being used to teach grades nine and ten. A course in nutrition education by George A. Bussell, Consultant, Food and Nutrition Service was attended in Berlin for ten weeks to aid our nutrition education program. There was no tuition for the course. Text books were purchased by the Supervisory Union.

Fall Activities

1. Heights and weights
2. School physicals with referrals — all students
3. Visual screening with referrals

Spring Activities

1. Hearing screening with referrals
2. Three immunization clinics
3. T. B. testing
4. Pre-School physicals
5. Health teaching
6. Drug education program

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of the School District of Errol:

Each year it is the intent of my report to inform you, the Errol voter, of the significant happenings which have taken place during the past year as well as to outline to you the problems which will need to be faced by the town in the future. In both cases I hope my report is adequate,

School Warrant

The school warrant for the coming March meeting is little changed from that of previous years. This year only one new article has been added to your warrant and that is article No. 8. Under this article, if passed, the members of your school board school district officers, and your school administrators would be protected from personal responsibility and loss for any action they may have taken on behalf of the district. In essence, the article would make the district responsible for all legal fees should such be the case.

Staff Changes

Mr. Terence Dwyer has replaced Mr. Reginald Roberts as principal-teacher of the Errol School. Mr. Dwyer came to Errol from Groveton where he had taught in the high school for some four years. He also had a year's experience before Groveton giving him five years background before taking on the responsibilities in Errol.

Budget

Your proposed 1974-75 school budget including all articles amounts to \$75,649.73. This represents an increase of \$7,847.44 over the current budget for the 1973-74 school year. More important, however, is the amount to be raised by taxation on the local level. In reviewing the figures you will note that the anticipated revenues for the next year are less than the current year. The result of this is an even larger tax burden on the local tax payer. The following figures will illustrate this point:

	1973-74	1974-75
Budget Revenues	\$67,802.29	\$75,649.73
	12,857.61	8,370.00
	<hr/>	<hr/>
	\$54,944.68	\$67,279.73

The difference between the two is \$12,335.05 and represents the acutal amount to be raised by taxation if the present budget is passed.

The increased expenditures in this year's budget may be found in several major areas as well as a number of minor ones. The several major areas include teacher salaries, renovations to the building, support of the school lunch program, social security, and tuition students. Other changes may be found in school supplies, maintenance supplies, travel, etc. Most of these are offset by reductions scattered throughout the budget.

This budget as presented completes the recommendations of the Errol Study Committee and the standards established by the state in meeting the Minimum Standards for the N. H. Elementary Schools. This accomplishment in staff itself represents a strong support by the people of Errol for the support of a good education for their children.

Tuition Students

Tuition students for the 1974-75 school year have remained the same.

Summary

In closing, I wish to thank all the members of your school, the people of Errol, the teachers, your lunch directors, the book-keeper of your lunch program, your school officers, and your school maintenance man. A school needs all of these people to operate. It is only due to their efforts and dedication that Errol has been able to provide your children with an education.

Respectfully submitted,

Robert Bellavance
Superintendent of Schools

REPORT OF ERROL SCHOOL LUNCH PROGRAM

For school year 1972 – 73

Under the capable management of cooks Ida Martel and Virginia Mosher, the program served a total of 4,743 lunches to children and 141 lunches to adults. This represents an average daily participation of 40 children for the 115 days lunch was served between Oct. 16, 1972 and March 13, 1973.

The total dollar cost of this program was \$3,810; of which \$900 was defrayed by district appropriation and \$574 by federal/state reimbursement, leaving \$2,336 paid by the participants.

In view of the lessening amounts of surplus food being received, it will in all probability be necessary to bolster the district appropriation somewhat in order to continue the quality lunch programs in the future that we have enjoyed in the past.
